

Unical Aero Inc. is a U.S. based design, engineering and manufacturing company of non-OEM, FAA-approved aircraft parts and components for commercial and military applications. Our customers include domestic and international airlines, MROs, governments and aviation operators looking for high quality parts. Unical Aero is uniquely positioned to provide customers with cost-effective solutions at scale. unicalaero.com

HA225-7UA

Latch Assembly

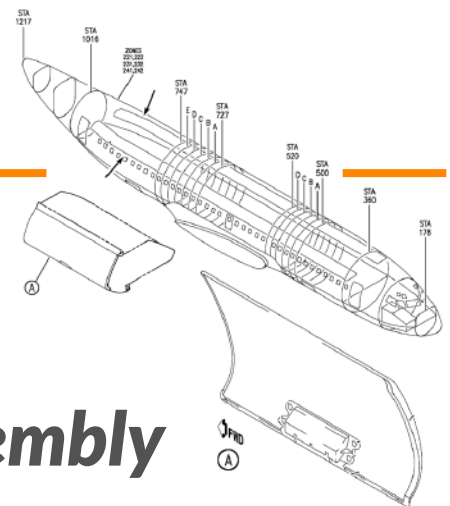

OEM Hartwell #: HA225-7

The LATCH ASSEMBLY serves as the pull handle and locking device for the door assembly of the overhead stowage bin. The locking mechanism is a single point, hook type latch with a torsion spring for return action for the handle. The hook engages to a keeper or strike type hardware on the inside of the bin. The handle actuates the locking mechanism and the torsion spring returns the handle back to the original position. The handle also has red colored flagging on each end that provides a visual indication that the latch is open.

Installs on:

131728-1UA Latch Bezel

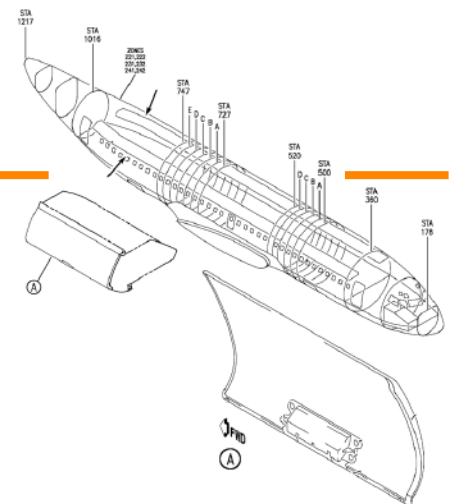

OEM Hartwell #: 131728-1

The BEZEL is an injection molded polycarbonate part that mounts to the housing of the latch on the door of the overhead stowage bin. The BEZEL acts as a cover for the latch and complements the aesthetics of the bin door.
